**Voluntary Identification of Families to obtain**  
**Title I Federal Funding for the School**

*This form is only for schools that do NOT receive Title I School Funds for its students.*

**Why does Granite State Arts Academy send this form to all of its families regarding household income?**

- The Granite States Arts Academy (GSAA) receives no Federal Assistance of any kind to help support its students and faculty. There are Federal funds available to GSAA for English and Reading Programs, and for the relief of tuition loans/debt incurred by our teachers during their preparation for becoming teachers.
- That Federal money for GSAA is determined by the income of our families. The lower the income of our families the more assistance that GSAA receives. And, as most of you know, GSAA only receives from the State of NH, one-half of the funding what the public schools receive.
- So we ask you for your help in getting some of this Federal aid. Regardless of your family income, we request that all families assist us by filling out the form. Also, your name is necessary, but the information is confidential and cannot be released to anyone or any governmental agency. This survey is voluntary but we can really use your help. If you do not wish to participate, simply sign the back of the form and check this box.

(The renter may qualify as a separate household.)

**Who may submit this form?** To help GSAA you should submit the form if you meet the above guidelines.  head of household many submit this form. You may consider foster children as members of the household. If you don't fall into the guidelines check the box here indicating that you do not meet the guidelines then do not continue.

**Do I need to complete Section 3, Household Income?** Skip section 3 if you provide a case number in Section 1 or the only students in Section 2 are foster children. Otherwise, enter gross (before tax and withholdings) average monthly income for all children and adults, except foster children. Include overtime and occasional earnings to the extent you usually earn this amount each month. It is assumed that you keep records, such pay stubs, or notes for all earners.
